**Acknowledgement of risk:**

There will always be some risk involved in any type of adventurous activity, indeed the benefits of the activity would probably be reduced if these risks were removed. The type of risk is generally confined to the same sort of risks that a person in normal recreation may experience.

Woodland Xperiences staff will take every precaution to minimise cross contamination through safe distancing and wearing of face masks/coverings and or gloves when possible, due to some activities involve close proximity of both staff and participants.
